

A Stick That Walks

9 You see a **twig** on a tree. Then the
19 twig starts to walk! It is not really a twig.
It is a walking stick.

24 Walking sticks are **insects**. They look
30 like twigs. They are **thin**. They are long.
38 Some are brown. Some are green.

44 A bird may look for an insect to eat. It
54 may see a walking stick. But the bird
62 may not eat it. The bird may think it is
72 just a twig.
