**Participant Handout**

## **Learning Targets**

### **Outcome 1: Meeting Students' Needs with MTSS (20 min.)**

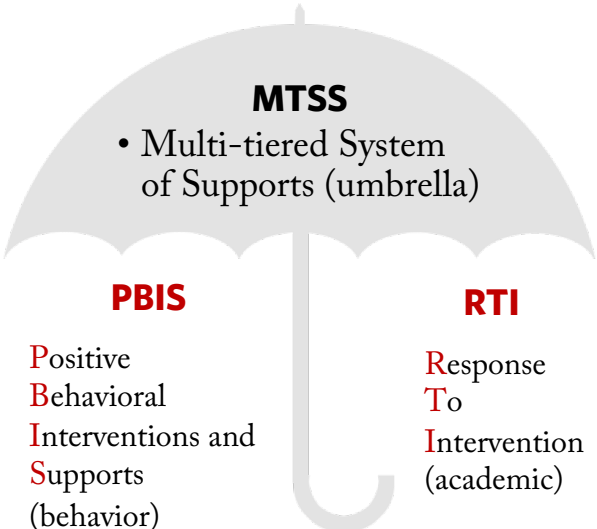

- The Benefits of MTSS
- Essential Components of MTSS

### **Outcome 2: Read Naturally Programs and MTSS (10 min.)**

- Read Naturally programs for Tier 2 and 3 intervention
- Program features to support MTSS implementation

## 5 Essential Components of a Multi-tiered System of Supports for Reading

**MTSS**  
• Multi-tiered System of Supports (umbrella)

**PBIS**  
Positive Behavioral Interventions and Supports (behavior)

**RTI**  
Response To Intervention (academic)

### Typical Focus Areas for MTSS

- Academics
- Behavior/Social-Emotional Learning (SEL)
- Health
- Integrated supports (all the above)

www.readnaturally.com 3 

### The Benefits of MTSS

- Proactively identifies students' needs (no more "waiting to fail")
- Promotes collaboration (MTSS teams)
- Leverages staff and resources
- Combats inequity
- Empowers educators

www.readnaturally.com 4 

## Five Critical Features of MTSS

LEADERSHIP,  
COLLABORATION,  
AND CAPACITY  
BUILDING  
INFRASTRUCTURE

UNIVERSAL  
SCREENING

MULTI-TIERED  
SYSTEM FOR  
INTERVENTION  
AND SUPPORTS

PROBLEM-  
SOLVING  
PROCESS

PROGRESS  
MONITORING

# 5 Essential Components of a Multi-tiered System of Supports for Reading

MULTI-TIERED SYSTEM FOR INTERVENTION AND SUPPORTS

## Exploring the Concept of “Multi-tiered”

- One on one supports for a *few* students ( $\approx 5\%$ )
- Additional supports for *some* students ( $\approx 5\text{--}15\%$ )
- High-quality instruction for *all* students (100%)

Adapted from Partners in Learning, 2016. *PBIS Triangle*. [Picture]. Retrieved from <https://www.pbis-custom-graphics.com/product-information-and-details/data-based-decision-making/>

www.readnaturally.com

7

MULTI-TIERED SYSTEM FOR INTERVENTION AND SUPPORTS

## MTSS Supports are Layers—Not Steps!

Intensified supports are *in addition to* Tier 1.

- Additional Time
- Additional Support
- More targeted instruction

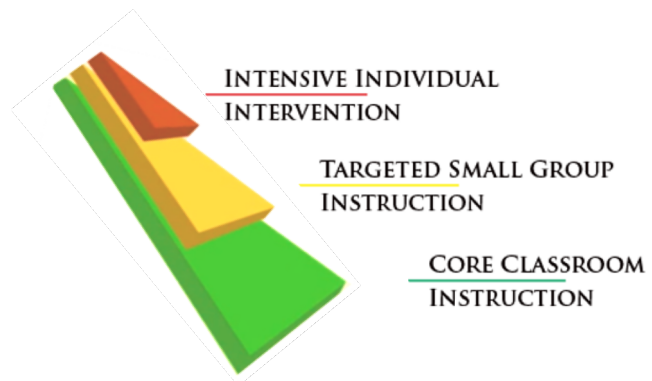

Image adapted from Colorado Department of Education, 2014. MTSS layers graphic. [Picture]. In *Multi-tiered System of Supports (MTSS) Overview* [Video File]. Retrieved from <https://www.youtube.com/watch?v=8phkGd17URk#t=26>

8

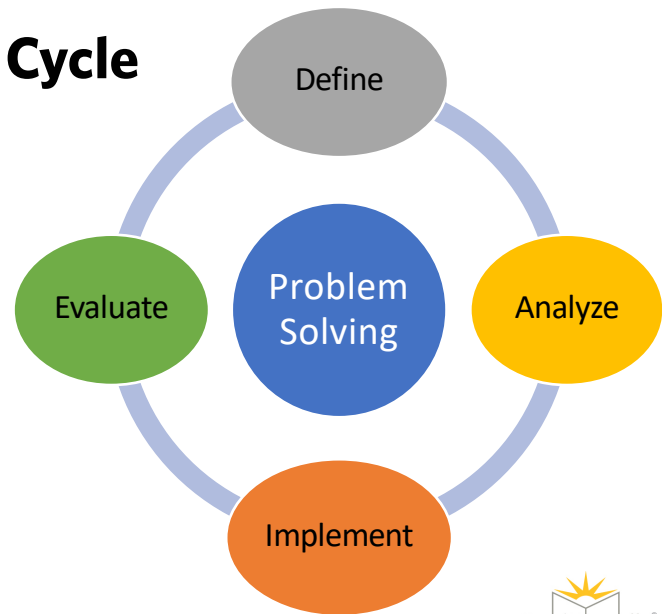

## 5 Essential Components of a Multi-tiered System of Supports for Reading

PROBLEM-SOLVING PROCESS

### Problem-Solving Cycle

1. **Define:** Identify gaps between performance and grade-level expectations.
2. **Analyze:** Identify the instruction that will address the gap.
3. **Implement:** Carry out the intervention/instruction as intended.
4. **Evaluate:** Evaluate the data and determine if the placement is working.

9

PROGRESS MONITORING

### Progress Monitoring - Key Questions

#### Progress

- *Is the learner responding positively to the prescribed instruction or intervention?*
- *Is the trend enough to close the gap in a reasonable time?*

#### Supports

- *Is the learner ready to reduce supports or give up temporary scaffolds?*
- *Does the learner need greater supports for successful struggle?*

#### Exiting

- *Has the learner caught up to peers and is she or he ready to exit the intervention?*

## 5 Essential Components of a Multi-tiered System of Supports for Reading

LEADERSHIP, COLLABORATION, AND CAPACITY BUILDING INFRASTRUCTURE

UNIVERSAL SCREENING

MULTI-TIERED SYSTEM FOR INTERVENTION AND SUPPORTS

PROBLEM-SOLVING PROCESS

PROGRESS MONITORING

### Review 5 Essential Components

Turn and talk / think and write:

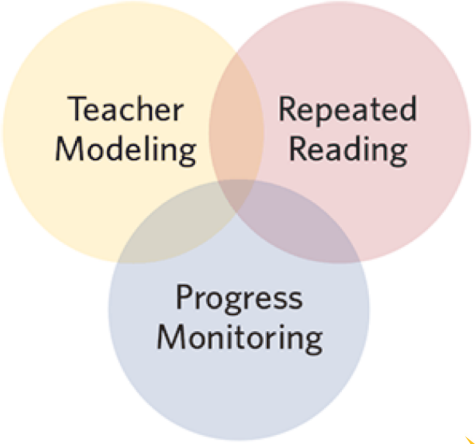

- *What are the similarities and differences among MTSS, RTI, and PBIS?*
- *How many tiers are there in a typical MTSS? What can they be called?*
- *Which learners are served by a MTSS?*

11

### Read Naturally Strategy Introduction

- Teacher Modeling – the learner listens along with an audio recording
- Repeated Reading – the learner reads along and practices independently several times
- Progress Monitoring – the learner and lead teacher monitor progress and adjust levels and goals

12

## Research Basis: Read Naturally Strategy

- Research Summary
  - Rationale for the Read Naturally Strategy
    - Teacher’s Manual (pp. 2–6 and 9)
    - Bibliography (pp. 89–91)
- Results example
  - “Findings suggest that [repeated reading] remains the most effective intervention for improving reading fluency for students with [learning disabilities]” (Stevens, Walker, and Vaughn, 2017, 576).

Read Naturally. (2019). *Read Naturally Encore II teacher's manual*. St. Paul, MN: Author. (See <https://www.readnaturally.com/knowledgebase/documents-and-resources/25/254>)

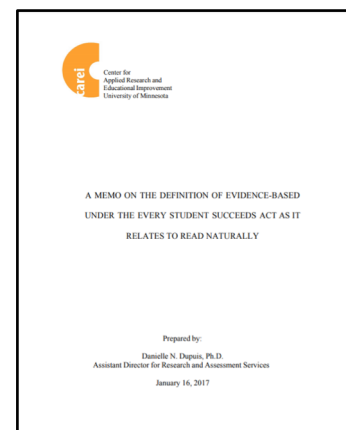

www.readnaturally.com

13

## Research Basis: ESSA

- 2017 Review conducted by Dr. Danielle Dupuis, Center for Applied Research and Educational Improvement
  - Applied ESSA language and USDOE non-regulatory guidance
- Results
  - Strong evidence: reading fluency
  - Moderate evidence: general reading
  - Promising evidence: reading comprehension

Dupuis, D. N. (2016). A memo on the definition of evidence-based under the Every Student Succeeds Act as it relates to Read Naturally. Center for Applied Research and Educational Improvement, College of Education and Human Development, University of Minnesota. (See <https://www.readnaturally.com/research/studies>)

### General Benefits of Read Naturally Interventions

Read Naturally intervention programs provide:

- Targeted Interventions (no one-size-fits-all)
- Interactive, technology-enhanced content
- Flexible and robust customization
- Highly motivating content and practices (increased time on task)
- Progress monitoring and formative assessment data
- Ongoing teacher-student interaction

18

## 5 Essential Components of a Multi-tiered System of Supports for Reading

PROBLEM-SOLVING  
PROCESS

PROGRESS  
MONITORING

# Data-based Decisions

## Types of Data

- Effort
  - Stories completed
  - Number of practice readings
- Proficiency
  - Word-reading accuracy (Fluency)
  - Reading rates (Fluency)
  - Quizzes (Comprehension)
- Progress
  - Goal targets met/efficiency

## Uses of Data

- Initial Placement
  - Determining series, level, and goal
- Checking Placement
  - Performance-based adjustments
- Customizing Supports
- Conferencing
- Progress Monitoring
  - Adjusting levels and goals

LEADERSHIP,  
COLLABORATION,  
AND CAPACITY  
BUILDING  
INFRASTRUCTURE

# Training Supports

## Online Resources

- Guides: Read Live User Guide, Encore II Teacher's Manual and Placement Packet
- Read Live Online Course
- Teacher and student training videos, webinars, white papers, a blog, and newsletters
- Robust Q and A section

## Live Training & Supports

- In-person district trainings (half-day, all-day, multi-day trainings)
- Regional Training Seminars
- Coaching services (data review with recommendations)
- Customer service specialists, curriculum staff, and account managers available to answer any questions as they arise

## Webinar Description

Meeting the unique needs of every learner is hard! However, when adults collaborate to monitor each learner's progress, they can leverage collective knowledge and resources to provide the prevention and supports children and teens need to reach their potentials; this outcome is the purpose for establishing a Multi-Tiered System of Supports (MTSS). This brief webinar provides an overview of the benefits of MTSS, its components, and Read Naturally intervention programs that can be used within an academic MTSS framework.

WEBINAR: Five Essential Components of a Multi-tiered System of Supports for Reading

Attend this Read Naturally public webinar and learn:

- The purposes and relationships among MTSS, RtI, and PBIS.
- The benefits and core components of a Multi-tiered System of Supports.
- Read Naturally programs for Tier 2 and Tier 3 intervention.
- Read Naturally program features that support implementation of MTSS.

This FREE 30-minute webinar is designed for those unfamiliar with MTSS or Read Naturally's intervention products (or seeking a review) and is appropriate for:

- Classroom teachers
- Educational Specialists (Title I, special education, ESL, reading, or others)
- Educational leaders (curriculum specialists, principals, or others)
